About:

Media is cordially invited to the unveiling of New Bedford Public Schools District Strategic Plan. This highly anticipated document highlights district goals and priorities going forward. The action plan has been in place and has been guiding our processes as we work to enhance the teaching and learning process.

The Strategic Plan is the result of input from more than 80 individuals, including students, parents, teachers/staff, administrators, and community members over the course of a year.

Also informing the Strategic Plan is the collective feedback from nearly 50 partner organizations representing a wide range of perspectives from across the community. The Strategic Plan is the roadmap for district goals, benchmarks, action items and priorities.

Speakers will include Mayor Jon Mitchell, Superintendent Thomas Anderson, members of the School Committee, parents, students and community partners.
