New Bedford High School in-person graduation ceremony canceled

Due to continued concerns around the pandemic, specifically the guidelines governing large crowds, New Bedford High School will not hold an in-person graduation ceremony in August. While graduates were certified at the conclusion of their virtual commencement ceremony on June 18, 2020, the August event had been tentatively planned as an opportunity for graduates to gather to receive their diplomas.

Class of 2020 Diplomas and yearbooks will be distributed by appointment on August 4, 5 and 6th at the high school. All graduates will receive a link from their guidance counselors enabling them to select a date and time.
